

DOGS AT WISTON LODGE

Dogs are welcomed at Wiston Lodge however you do need to abide by a few simple guidelines:

1. The dog *MUST* obviously be friendly and have no history of aggression of any kind towards humans or other dogs.
2. The dog *MUST* be kept under control at all times and kept with your group. Your own group must all be informed as to your desire to bring the dog and if coming with an organised group, you must have the permission of the group leader.

N.B. Other Wiston Lodge guests may not all be dog lovers and some may even have a dog phobia or allergy so keeping a respectful distance from other groups would be appreciated, particularly those undertaking Outdoor Activities which require concentration. Where a group wishes to interact with your dog, please only do so on the say so of their team leader. Where a group is concerned about your dog, the onus is on the dog owner to remove their pet.

3. The Lodge is surrounded by farms predominantly raising sheep. We cannot guarantee the safety of your dog if they get out with Wiston Lodge grounds.
4. Dogs are not allowed in the main house unless they are a medical / guide dog.
5. Dogs must not be left attended in rooms.
6. Dogs are welcome on the camp field and can sleep in a cabin hallway, supervised at all times by the owner, provided the other cabin residents are happy with this.
7. Dogs *MUST* be supervised AT ALL times (it has been known for dogs to wander off and help themselves to campers / Tipi campers food).
8. All dog waste must be picked up immediately and disposed of in specific bins provided. Please pack dog waste bags when you come.
9. Dog owners are liable for any damage caused by their pet.
