

# Path of the Little People

## Discover the Magic of your Imagination

Thank you for your interest in accessing our new outdoor resource, the 'Path of the Little People'.

Funded by BBC Children in Need, Tesco Bags of Help and The Big Lottery's Young Start Programme, this new resource is opening up a new part of the estate and enabling us to welcome more groups into the forest. This interactive trail has been designed by and with children in mind, particularly those with Additional Support Needs. We prioritise access to the path for programme groups which fall into our charitable purpose. However it is proving to be a wonderful creative space for our other visiting groups as well, who are also welcome to book time and space on the path.

To make the most of this resource we would recommend hiring one of our specifically trained instructors who will tailor a programme to your group's aims & requirements. For a sample 'Day on the Path', see the Path of the Little People brochure (attached).

You can also access the project self-led under the following terms:

- This is a bookable space and access must be organised via the bookings team in the office.
- We would ask that groups apply the 'Leave-no-trace' principle to the site.
- No more than 50 persons spread across the Path at any one time (see recommended capacities for each area below)
- All groups to be supervised at all times whilst on the Path.
- All of the smaller structures such as the Fairy Houses and metal animals are hand-made, so we request that a level of care be exercised when in this area.
- Requested: No dogs on the Path of the Little People.
- Please notify the office / on call Duty Manager when you access and leave the path.

### Costs:

**Path Programme Activity with a WL instructor:** Ratios      1:8 max for ASN / under 8s    1:12 max for all other groups

### Youth / Charity Rate:

- £286 per instructor      per day (up to 6 hours activity time between 09:00 & 17:00)
